

**PRESS RELEASE**

February 8, 2016

**Angelus Street**

Beginning around 9:00 a.m. on Monday, February 15, 2016 and lasting approximately two weeks, Angelus Street between Overton Park Avenue and Galloway Avenue will be totally closed to through traffic to allow emergency drainage repair.

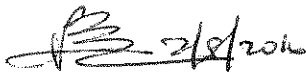

Motorists who normally use Angelus Street between Overton Park Avenue and Galloway Avenue are advised to use an alternate route during the duration of the closure.

The signed detour route will make use of Overton Park Avenue, Avalon Street, Galloway Avenue and Dickinson Street.

Local traffic will have access on Angelus Street up to the closure.

**All traffic control is the responsibility of Ferrell Paving (901-324-3894). For additional information, please contact the Civil Design Department at 901-576-6933.**

Prepared by the Division of Engineering.
